## Online Education

1. Does all programs/courses were completed on time.	Yes
2. Measures taken to complete the syllabus of courses and programs.	<p>Francis Xavier Engineering College adapted various techniques to complete the syllabus . The Google classroom facility was very well used by both faculty and students. It was considered the simplest and most efficient way to communicate and document materials between students and faculty. The sharing of materials, links, and videos became quite easy with the usage of Google Classroom. The Google Meet link provided the faculty an opportunity to teach the students using Videos and other online programming and coding platforms while enjoying the comfort of home. The registration of NPTEL, SWAYAM, and MOOC courses became an innate practice. The student assessments were carried out using Google forms, Written submissions, and audio/video submissions. Also, the students were encouraged to attend various national and international Guest lectures, webinar series, and workshops to upgrade themselves. The online Internships and Implant training gave a new experience to the students by gearing up their self-disciplined life.</p> <p>A well planned timetable under the skilful guidance of the Principal and eminent senior faculty increased the efficiency of deploying both academic and cocurricular activities for engaging the students in an efficient manner. Sessions for theory, practical, tutorial, ICT, life-skill, value education and add-on classes were also conducted. A well planned Academic Calendar served as a supportive aid to maximize the utilisation of time in curriculum delivery, step by step evaluation of the student's knowledge level while starting the course, meeting out the expectations of the students through recurrent feedbacks at regular intervals and motivating them to take part in extensional activities to enhance their soft skills. The diversion in faculty members handling the same course was deliberated with utmost care through recurrent course committee meetings. The teaching plan was incorporated with the detailed apportionment of the syllabus among all the faculties of a particular department.</p> <p>With a band of ardent faculty the assessments, tutorials/projects and internal assessments for the evaluative process were planned and executed prudently. Students were encouraged to meet the faculty after working hours to clarify their doubts and have a better understanding of the subject. Remedial classes were planned as additional hours after the completion of Internal examinations to bolster student readiness to face the End Semester Examinations. Periodic IQAC meets were planned to ameliorate the teaching learning process incorporating the carryouts of the Institutional heads' meetings and parent teacher's meetings. The progress of the course was regularly evaluated and the necessary course corrections were initiated as per the output of the recurrent meetings with the Principal.</p> <p>The course content was delivered through a variety of platforms like smart classrooms, virtual classrooms, audio-visual and other ICT tools to make the classes more captivating and riveting. The classes were made more interactive through quizzes, seminars and group discussions. Extensive guest lectures by eminent speakers on curriculum related topics were conducted to intensify the students' learning experience. The case-based learning approach was used where the students apply their knowledge to real-world scenarios, promoting higher levels of cognition.</p>
3. The period of delay in completion of syllabus (in months).	0
4. The period of delay in conducting exams (in months).	0
